

## Call for Papers

### Aims and scope

The objective of the conference, organized by the TSE Energy and Climate Center at Toulouse School of Economics, is to discuss recent scientific contributions to the understanding of energy markets and the design of environmental and climate policies. Keeping the spirit of previous years, the conference will feature theoretical, empirical, experimental and policy-oriented contributions. All papers related to the economics of energy and/or climate change are welcome.

### Keynote Speakers

**Matti Liski** (Aalto University)

**Catherine Wolfram** (MIT Sloan School of Management)

### Organizing committee

Stefan Ambec, Mathias Reynaert (TSE)

### Prospective participants

Authors are invited to submit paper electronically (pdf version) through the online submission form [HERE](#).

The deadline for submission is **February 29, 2024** (abstracts will be considered, but papers are more likely to be accepted).

The program and list of presenters will be confirmed and notification will be made to presenters by the **end of March**. Complete drafts of accepted papers are due **May 15, 2024**.

### Registration fee

The registration fees are waived for speakers, discussants, partners, TSE members.

- Academic participants: 150 €

- Non academic participants: 250 €

The registration fees cover lunches, conference dinner and coffee breaks.

Deadline for register: **May 30, 2024**.
